REPORT OF GIVING

1968-1969

## A Message From President John N. Stauffer

NINE MONTHS of observation and involvement have convinced me of the worth and worthiness of Juniata College.

One well-informed, first time visitor to the campus recently wrote: "The Juniata-type college—and there are many of them—needs to be preserved." He had sensed Juniata's unique spirit and commitment, something most of us have known from our earliest associations. Here we have known the men and women who have made—and are yet making—Juniata what she is and what she is yet to become.

There is here, on this campus, a spirit of dedication to liberal learning and to the uses of that learning in service to mankind. This is the worth of Juniata, ever continuing and ever to be renewed. There is worthiness for our support in the promise of Juniata's meaning for generations of students who have yet to grasp this spirit, as their own lives are enriched with learning and enlivened by motivation to service.

The revelation of today's Juniata has given me reassurance and has at the same time placed a heavy demand upon me. The demand, which I share with you, is a call to make Juniata all she must be to reach effectively beyond our time. The Juniata of tomorrow, as did the Juniata of the past, must help those who come here how to use their lives in loving service to their fellowmen.

Juniata must gain a vital margin in the quality of its education program. You have my deep gratitude for every gift and every volunteer effort that adds to our College's growth in usefulness.

Gratefully yours,

JOHN N. STAUFFER

### The Alumni Fund—30th Anniversary

Juniata has once again established a record for cash contributions during a "giving" year. With the added impetus provided by the *Margin of Difference* development program, Juniata alumni have achieved their highest total of annual giving, bettering by 26 percent the record set last year.

That this new record was set on the 30th Anniversary of the founding of the Juniata Alumni Fund, gives it added significance. The fund was established in 1939 under the leadership of Captain Will Judy '11, of Chicago, Ill. Total giving by the alumni since then has amounted to \$2,369,364.18.

For the thirty years of the fund's existence, alumni support has provided the College with vital annual resources making possible numerous capital improvements on the campus. Major building programs were brought to completion because of this assistance: Oller Hall, The Memorial Gymnasium, the Brumbaugh Science Cen-

ter, the Academic Classroom Building and currently Ellis Hall have all benefited from these funds.

Furnishings for five residence halls were made possible by alumni generosity.

In the thirty years three citations have been awarded to Juniata College by the American Alumni Council for distinguished achievements in the building of annual support. Citations were awarded in 1963, 1964 and again in 1969. The awards were made possible by consistent and regular giving by Juniata alumni plus the high percentage of gifts received through the Founders Clubs — One Hundred, Five Hundred and One Thousand.

The vigorous health of the development program is due to the dedication and untiring efforts of hundreds of donors and volunteers who continue to make that important *Margin of Difference*.

Since Founders Day 1968, when the *Margin of Difference* was officially launched, encouraging progress toward the first phase objective of \$2,800,000 has been made.

A year of dramatic progress in the development program was highlighted by the bequest of alumnus J. Omar Good '96, of \$1,000,000.

Intensive alumni campaigns were conducted in 45 geographical areas with 450 alumni volunteers making personal visits. Alumni gifts, as a result, now total 87 percent of the \$600,000 goal adopted by the *Margin of Difference* campaign committee. Seven regional campaigns remain to be conducted.

The response to the *Alexander Mack Scholarship* fund has been far better than was anticipated. Gifts now total 97 percent of the desired \$50,000.

The *Margin of Difference* organization is geared to complete *phase one* ahead of schedule. That is our challenge! The continued dedication of staff and volunteers make the outlook promising.
